

SALISBURY CHRISTMAS MARKET 23 NOV - 22 DEC

Information for Artisan Row Kiosks

INTRODUCTION

Salisbury Christmas Market, established in 2012, is a highly renowned Christmas Market in the South and in its five year has already gained considerable acclaim as an excellent family friendly event. Its first class reputation is due in part to the excellent presentation of the market, to the attractive appearance of the German-style wooden chalets, the exceptional quality of the goods and the friendly exhibitors which accompany them. Not only is the Christmas Market highly rated by visitors, but in 2015 and 2016, exhibitors rated it for the excellent organisation and exhibitor care. Similar to a German Christmas Market in style and character, the event takes place in the centre of Salisbury, in the historic Guildhall Square, a beautiful and atmospheric setting for the market.

KIOSKS

Kiosk - £50 per day + VAT

2.4m wide x 1m deep with storage underneath

ARTISAN ROW LOCATION

For 2017 the market will be expanding from its current Guildhall Square location. In addition to hosting 75 chalets in the city centre Guildhall Square, the High Street will be transformed in to the Salisbury Christmas Market Artisan Row. There you will find up to 26 Kiosks in 2 adjacent rows with walkways either side. Artisan Row will only be available to artisans and artists selling their own, handmade items, from the South West only.

The Christmas Market is in the spirit of a traditional German market. All exhibitors will be accommodated in either wooden chalets or kiosks, there will be no gazebos, mobile catering or other units. The Salisbury BID will do its best to maintain the very high standard of decoration of the chalets and kiosks to ensure the first class appearance of the Market. (Please note that some decorative items are not permitted at the Christmas Market: these are mentioned in the terms and conditions and include tinsel, rope lights, plastic or pvc banners, and some types of vinyl.)

LAYOUT INFORMATION

There are very many factors to be taken into consideration when organising the layout of a Christmas Market and we continually try to think of ways to improve its layout. The chalets are arranged in an attractive manner with plenty of room for push chairs and wheelchairs, as well as for dense crowds to move around.

N.B. Stall holders will not be able to choose their exact kiosk number at the Christmas Market, as the final allocation depends on many factors. You will be informed of this information nearer the start of the Christmas Market. While we will make every effort to ensure that you stay in the kiosk originally allocated to you, Salisbury Christmas market may be required change your position at any point before or during this Christmas market

SECURITY

The High Street location will be supplied with a full time security guard to ensure the safety of the market exhibitors, visitors and kiosks. Please note that security will be on the high street site once the market is closed.

PARKING FOR EXHIBITORS

Parking permits will now be available directly from Wiltshire council. If you are staying longer than 11 days this is more economical than buying a daily parking ticket.

To book a parking permit please visit:

<https://secure.mipermit.com/wiltshire/application/home.aspx>

Permits cost £80. Please note parking permits will not be included in the price of your kiosk.

Culver Street car park is £1 an hour until 3pm and then it is free, it is also free on Sundays (please note there is a height restriction on this car park).

If you are in a large van you will have to use the central car park this is £8.40 a day or you can purchase a MiPermit for regular use (more than 11 days in a row)

SETTING UP

Exhibitors will be able to set from 7am on the day of their arrival.

Exhibitors can decorate the kiosks as they see fit, but it must be within keeping of the spirit of the market (please see our Ts and Cs for more information on decorations), and must provide any decorations above and beyond the garland and lights provided with the kiosk, there is room for a 1m sign. We would recommend that the exhibitor brings a 2 x 2m or clear tarpaulin in case of driving rain that may go beyond the kiosks overhang. Due to the nature of the high street you will not be able to drive down to unload, loading bays are available on New Canal Street.

TAKING DOWN

Products are to be removed and stored securely every day, there is self-contained storage provided in the kiosk but exhibitors will need to provide their own padlocks for this storage and items stored are left at the exhibitors own risk, when you leave the chalet, all additions to the chalet including screws must be removed and the kiosk must be returned in the condition it was left.

STOCKING UP

For stocking up all exhibitors must use the loading bays on new canal or use a sac truck to move boxes from one of the car parks close by as this can be stored in the storage underneath.

ELECTRICITY

All kiosks will have an 1100 watts/ 5Amps total supply of electricity available through a 2 plug socket. Exhibitors who hire these kiosks must not have electrical appliances that require more than 5amps in total. Should a stall holder need extra power for whatever reason, this is possible, but will incur an extra charge, payable in advance. Notice of at least 2 months will be required for those wishing to use more electricity so that your invoice can be amended to include the additional charge.

Exhibitors will need to ensure all their equipment has been PAT tested prior to the Christmas Market, and that this has been done within the last 11 months. If this has not been done, our electricians will do this for you on the set up day for a small charge (£7) per item. However, for speed of setting up it is best to get this done in advance.

It is important that exhibitors do not go over their allocated supply of electrical power, so it is recommended that you bring as many low voltage electrical items as possible.

OTHER FACILITIES [

- There are a number of **toilet** options near the Christmas Market: the nearest toilets to the artisan row are located in the Old George Mall

- **Rubbish.** We have a number of large industrial bins for exhibitors to dispose of their rubbish. However, exhibitors must ensure they keep the fronts, sides and backs of their kiosks free of rubbish at all times and keep their kiosk looking presentable. It is also a fire hazard to leave boxes down the sides of kiosks. Litter must be flat packed and disposed of regularly throughout the day by stallholders.

MARKETING

The marketing campaign for the 2017 Salisbury Christmas Market will have 3 key elements: a comprehensive Christmas Market Map/Leaflet, the Christmas Market website, and online and print advertising. The marketing strategy is designed to attract independent visitors from Salisbury and Wiltshire as well as a concerted effort to target audiences outside the county. Coach tour operators, group organisers and the Travel Trade will also be targeted as part of the marketing strategy.

The Salisbury & Wiltshire and out-of-county campaigns will include the placing of advertisements in a number of lifestyle magazines and local newspapers, the use of local radio, roadside signs and the distribution of the Christmas Market maps/ leaflets.

The out-of-county marketing activity will additionally feature advertisements in the regional issues of The Guardian and Mail on Sunday, together with a large direct mail campaign. Online advertising will also be used.

The travel trade will be directly targeted with e-newsletters being sent to a large number of tour and group organisers. The Salisbury Christmas Market has also already been represented at Excursions 2017, British and Irish Marketplace Show 2017, and the South West Travel Trade Show 2017. Additional shows will be attended as appropriate.

Social media will also play an important part in the marketing, so do 'like' us, follow us, or tweet about us and help spread the word about Salisbury Christmas Market.

The breakdown of the 2016 marketing output was as follows: 70,000 Christmas Market maps/leaflets; 70,000 Christmas Market Info Cards (delivered to all houses in the SP1-SP5 postcode areas); 8 billboard adverts across the South West; 6 station 6 sheet adverts; radio advertising with local and regional broadcasters; TV advertising with local and regional broadcasters; print advertising, press releases and editorials in multiple local and regional lifestyle magazines, newspapers and tourism publications (including online advertising); an expansive organic and paid social media advertising campaign; and the launch of a brand new website.

The marketing for 2017 will follow a similar but not identical format to 2016 and the above is only an indicator of what can be expected from the 2017 marketing strategy. For more information on marketing please contact a member of the Christmas Market team directly.
